

SKILLS (R)EVOLUTION

Empowering the future with
skills development and TVET

14 October 2025 - Dubrovnik, Croatia

Quality and attractiveness: Building future-ready TVET systems

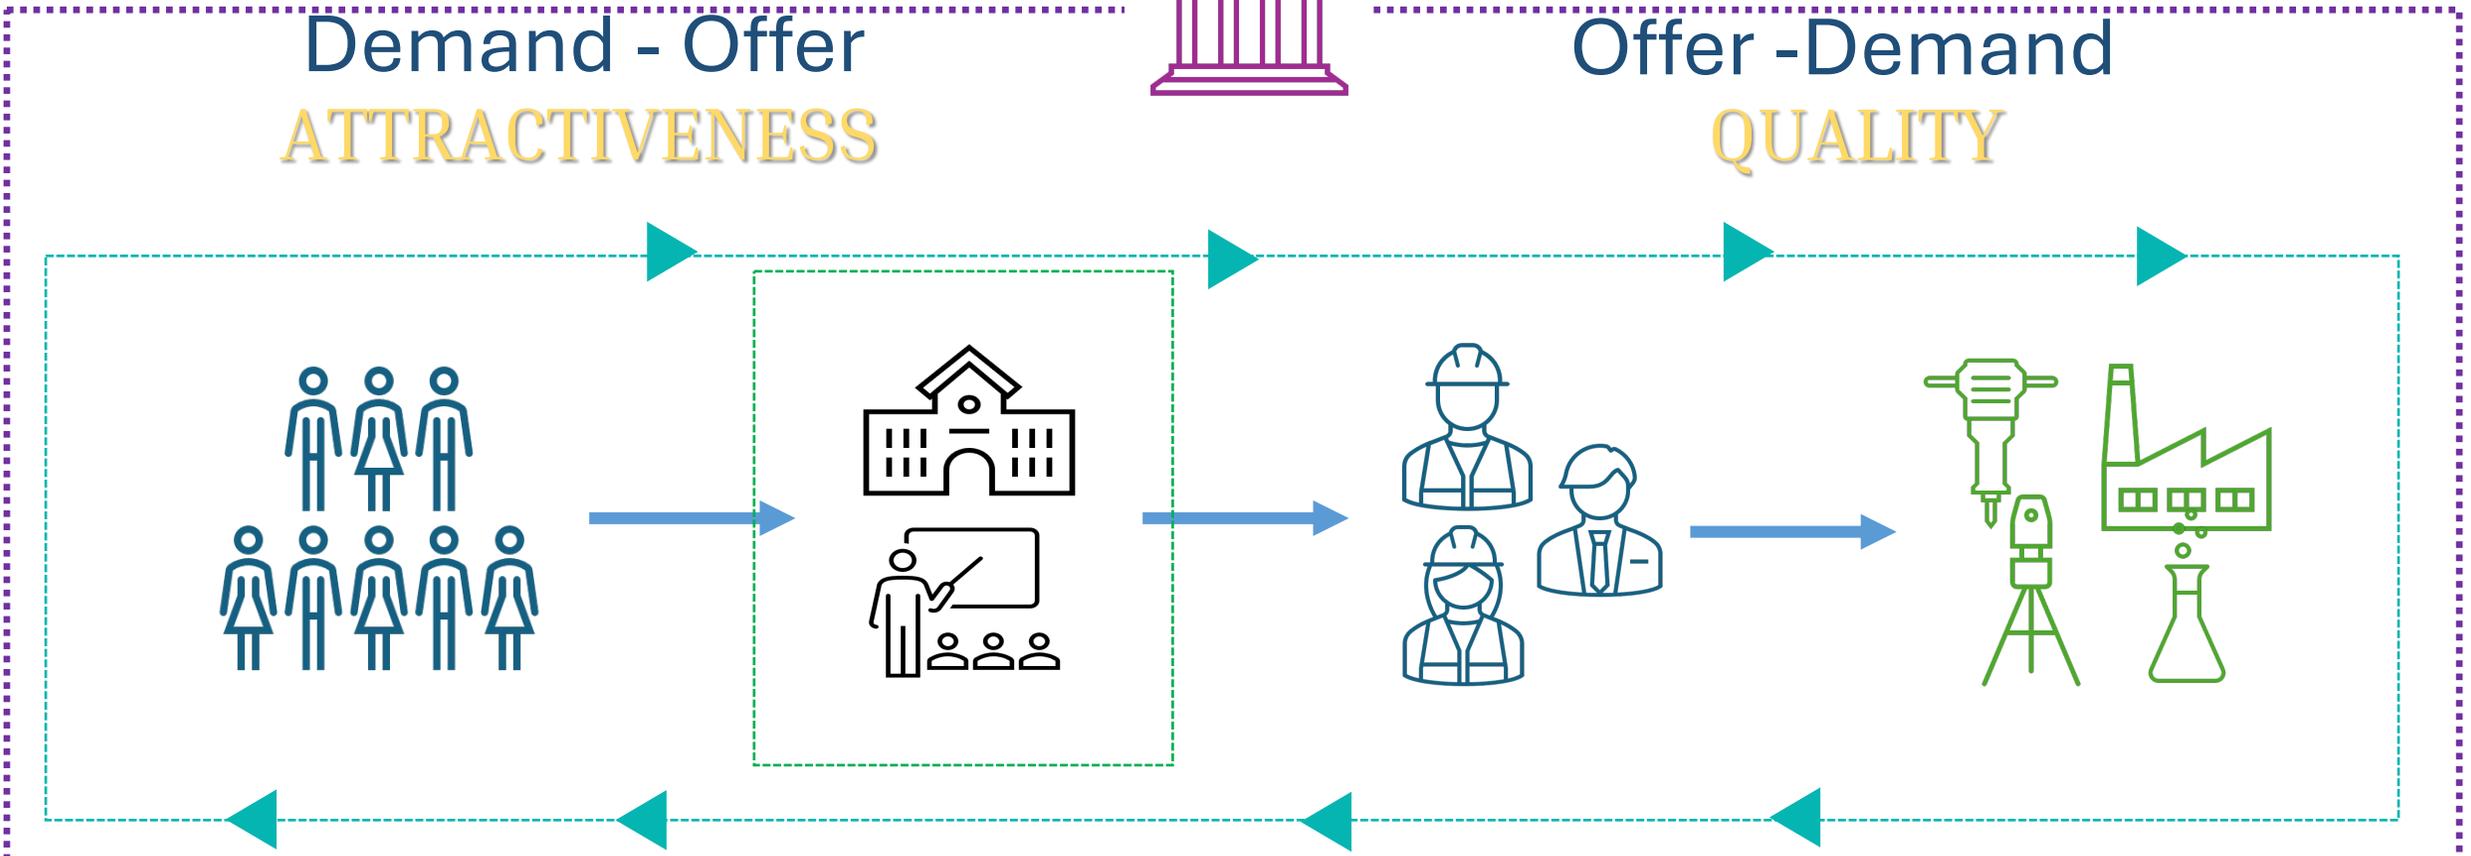

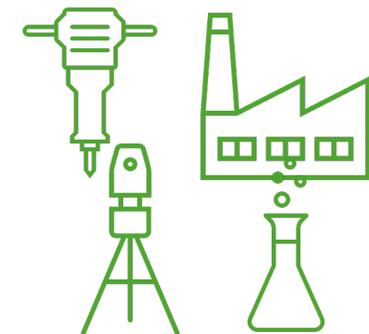

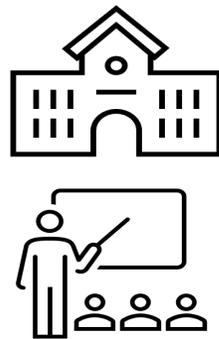

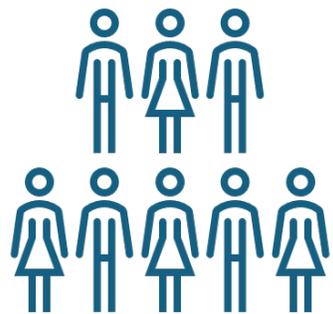

The Skills Value Chain.

Demand - Offer
ATTRACTIVENESS

Offer - Demand
QUALITY

Public Private Development Partnership (PPDP) on industrial skills

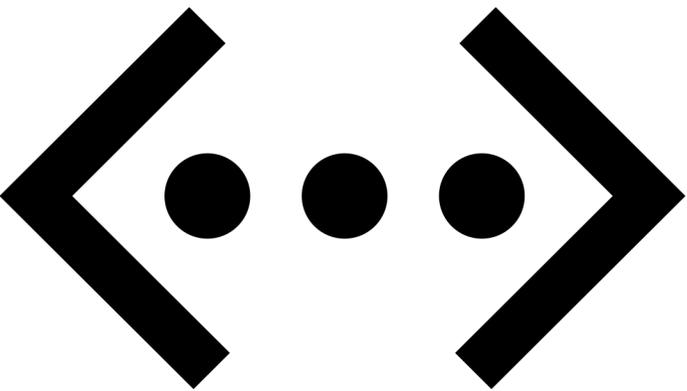

- **Public sector** defines national priorities and ensures inclusivity
- **Private sector** brings technology, know-how, and insights on emerging occupations
- **Development partners** de-risk investments and ensure sustainability and quality.
- Collective action to address skills shortages

Future ready TVET systems...

- Skills with relevance and... purpose
- Learning with innovation
- Competences with opportunities
- Knowledge with transformation

TVET is a driver of
inclusive and
sustainable
industrialization
