

WorldSkills International - Members

WorldSkills International Mission

To promote, through the cooperative actions of Members, a worldwide awareness of the essential contribution that skills and high standards of competence make to the achievement of economic success and individual fulfilment. www.worldskills.org

What is WorldSkills International?

WorldSkills International (WSI) is a not-for-profit international membership association open to agencies or bodies which have a responsibility for promoting vocational education and training in their respective countries/regions. WSI operates worldwide and is politically and denominationally neutral. Its aim is to raise the status and standards of vocational skills and training worldwide. Its principal activity is organizing the WorldSkills Competition in a different Member country/region every two years. WSI currently has members in 49 countries/regions and is committed to growth. It aims to have 50 members by 2010 in line with its vision to spread high-level skills to all regions of the world.

The continued growth of WSI attests to the fact that traditional trade and craft skills along with the newer technology multi-skilled vocations make an essential contribution to the economic and social well being of peoples everywhere. As a free standing, non-political organization, WSI provides a cost effective means for global government, education and industry cooperation in achieving higher standards and status for vocational education and training on a worldwide basis.
